

# WEICON Citrus Cleaner

## Introduction

Technical sprays are used in nearly all sectors of modern industry. These sprays are used for care and protection of surfaces, for cleaning, degreasing, dissolving and separating and are essential in daily business.

WEICON Citrus Cleaner is the ideal product for strong and sensitive cleaning of the most different surfaces. WEICON Citrus Cleaner has been especially developed for cleaning of machinery and equipment, precision engineering and precision mechanisms in industry and trade.

## Description

The excellent cleaning effect results from the special pH neutral active substance combination of non-flammable citrus peel extracts and alcohol. WEICON Citrus Cleaner penetrates the grime, cleans powerfully and is non-corrosive.

Removes effectively, quickly and gently:

- Soilings by oils, greases and lubricants
- Resins and tar
- Rubber residues and abrasion
- Soilings by pencils, pens and markers
- Residues of adhesives tapes and labels
- Fresh silicone sealant and polyurethane foam

This spray can be used for cleaning of most different surfaces like e.g. on metals, plastics, glass, ceramics, painted and coated surfaces. The material compatibility should be checked beforehand for safety and on hidden areas.

Application areas:

- Industrie and trade
- Window construction
- Public institutions and means of transport
- Household and hobby

## Technical data

Colour	colourless
Odour	citrus
Temperature resistance	--- °C
Shelf life (minimum)	24 months
Special features	for sensitive surfaces

## Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

## Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.

We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
