

# Brake Cleaner

## Introduction

Technical sprays are used in nearly all sectors of modern industry. These sprays are used for care and protection of surfaces, for cleaning, degreasing, dissolving and separating and are essential in daily business.

However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

WEICON Brake Cleaner is a universal cleaner especially for automotive applications. In comparison with conventional thinners, WEICON Brake Cleaner evaporates without residue. It quickly degreases and cleans metals, glass, and many plastics without a problem.

## Applications

Removal of dirt and residue containing oil and grease

- On brakes (drum and disk brakes, brake linings, brake shoes, cylinders, springs, and bushings)
- On clutches (clutch linings and clutch parts)
- On engine parts (carburetors, petrol and oil pumps, gears, and so on)

## Technical data

Colour	colourless
Odour	citrus
Temperature resistance	--- °C
Shelf life (minimum)	24 months
Special features	Evaporates without residues

## Processing

Spray in sufficient quantity onto the part to be treated and allow to react. If necessary, wipe off with a clean cloth. Repeat process as required. Avoid contact with plastic and varnished surfaces.

## Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

## Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.

We do guarantee the continuously high quality of our products.
