

# Mould Release Agent

## Introduction

Technical sprays are used in nearly all sectors of modern industry. These sprays are used for care and protection of surfaces, for cleaning, degreasing, dissolving and separating and are essential in daily business.

A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

WEICON Mould Release Agent is a silicone-free lubricant and release agent. The high-quality material combination with a high lubricating effect consisting of pure, natural products prevents adhesion to plastics, moulds, metals, and tools.

## Applications

In plastics processing including

- Injection moulding
- Compression and vacuum moulding

## Technical data

Colour	colourless
Odour	solvent
Temperature resistance	-20 to +130 °C
Shelf life (minimum)	24 months
Special features	silicone-free

## Processing

Surfaces must be dry, clean and free of grease (use Cleaner Spray S). Shake can and spray at about 25 cm from surface. The special valve allows working in any position.

## Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

## Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.

We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended.
