

# Stainless Steel Care Spray

## Introduction

Technical sprays are used in nearly all sectors of modern industry. These sprays are used for care and protection of surfaces, for cleaning, degreasing, dissolving and separating and are essential in daily business.

product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

WEICON Stainless Steel Care Spray was especially developed for the cleaning, care, and protection of matt and polished stainless steel surfaces indoors and outdoors. This spray has an antistatic effect.

## Applications

- Removes and prevents fingerprints
- Removes grease films from exhaust hoods
- Cleans even large surfaces without streaks
- Leaves behind a lasting water repellent protective film
- Prevents dirt from sticking to surfaces again

## Technical data

Colour	colourless
Odour	almost odourless
Temperature resistance	-17 to +120 °C
Shelf life (minimum)	24 months
Special features	antistatic effect

## Processing

Thoroughly shake can prior to use. Evenly spray on a thin film at about 25 cm distance and wipe to spread with a dry soft cloth.

Heavily soiled surfaces as e.g. in kitchen areas should be cleaned with a suitable cleaner product.

## Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

## Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.

We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the
